AMS SET Root Password

1. Boot VM with Rescue CD. 2. Chroot

```
mount /dev/mapper/storage_vg_root1 /mnt
mount -t proc proc /mnt/proc
```

mount -t sysfs /sys /mnt/sys ## mount –bind /dev /mnt/dev

```
chroot /mnt
passwd root
passwd "cust"
exit
mount /dev/mapper/storage_vg_root2 /mnt
mount -t proc proc /mnt/proc
chroot /mnt
passwd root
passwd "cust"
exit
reboot
```
